OF THE SECOND PART

In consideration of the Supplier allocating to the Customer an access code and passcode to operate the bulk water dispensing system (the "Account") operated by the Supplier for the purpose of supplying the Customer's requirements for bulk water, the parties here to covenant and agree as follows:

1. The Customer agrees to purchase bulk water from the Supplier.
2. This written agreement shall commence on the date and year first above written and shall continue from month to month thereafter unless terminated by either party upon fifteen (15) days written notice.

3. The Customer acknowledges receipt of the user name and passcode for the bulk water system and agrees the Supplier can revoke upon demand, and in any event on the termination of this agreement.
4. The Customer agrees they shall pay for water dispensed under their Account and for all other rates and charges levied in accordance with the Shirley McLellan Regional Water Services Commission's System Rates and Fees Bylaw and the County of Stettler's Water and Wastewater Bylaw.
5. A utility bill will be invoiced quarterly to the Customer by the County of Stettler, showing the quantity and value of water provided. The utility bill shall be due and payable upon receipt. In the event this utility bill remains unpaid after thirty (30) days from the date of mailing there will be added there to a penalty of 1.5% and to discontinuance of bulk water service if the utility remains unpaid after sixty (60) days.
6. Water shall be billed at a rate determined by the Shirley McLellan Regional Water Services' System Rates and Fees Bylaw and the County of Stettler's Water and Wastewater Bylaw.
7. A single Account shall work at both Shirley McClellan Regional Water Services Commission bulk water stations, and the County of Stettler bulk water stations but individual terms and conditions as specified in the respective bylaws may differ by water station.
8. The customer agrees that it will not use water received from the system for water flood injection into any geological subsurface structure or formation for oil and gas recovery.
